If the request is made within sixty (60) days of an alarm dispatch request, the monitoring company shall furnish requested records within three (3) business days of receiving the request. If the records are requested between sixty (60) days to one (1) year after an alarm dispatch request, the monitoring company shall furnish the requested records within thirty (30) days of receiving the request.

(3) a statement urging the alarm user to ensure that the alarm system is properly operated, inspected, and serviced in order to avoid false alarms and resulting fees and surcharges.

(D) The alarm administrator may require a conference with an alarm user and the alarm installation company and/or monitoring company responsible for the repair or monitoring of the alarm system to review the circumstances of each false alarm.

(E) The alarm administrator may require an alarm user to remove a holdup alarm that is a single action, non-recessed button, if a false holdup alarm has occurred.

(F) The alarm administrator will make a copy of this Ordinance and/or an Ordinance summary sheet available to the alarm user.

SECTION 13-37. SURCHARGES

(A) An Alarm User shall be subject to surcharges, depending on the number of false alarms within any 12-month period based upon the following schedule:

<table>
<thead>
<tr>
<th>No. of False Alarms</th>
<th>Surcharges</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>0</td>

<tr>
<td>2</td>

<tr>
<td>3</td>

</tr>
<tr>
<td>5</td>
<td>$125.00</td>
</tr>
<tr>
<td>6 or more</td>
<td>$200.00</td>
</tr>
</tbody>
</table>

(B) In addition, any person operating a non-registered alarm system will be subject to a surcharge of $100.00 for each false alarm in addition to any other surcharges. The alarm administrator may waive one-half of this additional Surcharge for a non-registered system if the alarm user submits an application for alarm registration within ten (10) days after of notification of such violation.

(C) If cancellation occurs prior to law enforcement arriving at the scene, this is not a false alarm for the purpose of surcharges, and no surcharges will be assessed.

(D) The alarm installation company shall be assessed a surcharge of $100.00 if the officer responding to the false alarm determines that an on-site employee of the alarm installation company directly caused the false alarm. In this situation, the false alarm will not be counted against the alarm user.

(E) The monitoring company shall be assessed a surcharge of $100.00 for each failure to verify alarm system signals as specified in Section 13-35(G)(2).
(F) The alarm installation company shall be issued a surcharge of $200.00 if the alarm administrator determines that an alarm installation company employee or representative knowingly made a false statement concerning the inspection of an alarm site or the performance of an alarm system.

The alarm administrator shall provide specific notice to the alarm user and the alarm installation company or monitoring company where a surcharge or suspension of response is to be imposed.

**SECTION 13-39. SUSPENSION OF RESPONSE**

(A) The alarm administrator may suspend police department response to an alarm site by revoking the alarm registration if it is determined that:

2. there is a knowingly false statement in the application for a registration; or
3. the alarm user has failed to make payment within thirty (30) days of any fee or surcharge assessed under Section 13-37 or a fee assessed under Section 13-33; or
4. the alarm user has failed to submit a written certification from an alarm installation company, that complies with the requirements of this section, stating that the alarm system has been inspected and repaired (if necessary) and/or additional training has been conducted by the alarm installation company.

(B) An alarm user commits a violation if he/she operates an alarm system during the period in which the alarm registration is revoked and is subject to enforcement and surcharges set in Sections 13-37 and 13-42. A monitoring company commits a violation if it continues alarm dispatch requests to an alarm site after notification by the alarm administrator that the registration has been revoked.

(C) Unless there is separate indication that there is a crime in progress, the police department will refuse police response to an alarm dispatch request at an alarm site for which the alarm registration is revoked.

(D) If the alarm registration is reinstated pursuant to Section 13-41, the alarm administrator may again suspend law enforcement response to the alarm site by again revoking the alarm registration if it is determined that two (2) false alarms have occurred within ninety (90) days after the reinstatement date.

**SECTION 13-40. APPEALS**

(A) If the alarm administrator assesses a surcharge or denies or revokes the issuance, renewal or reinstatement of an alarm registration, the alarm administrator shall send written notice of the action and a statement of the right to an appeal to either the affected applicant or alarm user and the alarm installation company and/or monitoring company.
(B) The alarm user, alarm installation company or monitoring company, as the case may be, may appeal an assessment of a surcharge or the non-renewal or revocation of an alarm registration to the alarm administrator by setting forth in writing the reasons for the appeal within fifteen (15) business days after receipt of the assessment of a surcharge or notice of revocation or non-renewal.

(C) The alarm user or the alarm installation company or monitoring company may appeal the decision of the alarm administrator to the Hearing Officer as follows:

(1) The alarm user, alarm installation company or the monitoring company may file a written request for a review by paying an appeal fee of $25.00 and setting forth the reasons for the appeal within twenty (20) business days after the date of notification of the decision from the alarm administrator. Appeal fees shall be returned to the appealing alarm user, alarm installation company or monitoring company if the appeal is upheld.

(2) The Hearing Officer shall conduct a hearing within thirty (30) days of the receipt of the request. The hearing shall be informal in nature. The person requesting the hearing may testify concerning the facts, circumstances and nature of his/her appeal and may present supporting documentation.

The Hearing Officer shall render a written decision within fifteen (15) days of the hearing. The decision will either affirm or reverse the decision of the alarm administrator.

(D) Filing of a request for appeal shall stay the action by the alarm administrator revoking an alarm registration or requiring payment of a surcharge, until the Hearing Officer has completed his review. If a request for appeal is not made within the twenty (20) business day period, the action of the alarm administrator is final.

(E) The alarm administrator or Hearing Officer may adjust the count of false alarms based on:

(1) Evidence that a false alarm was caused by an Act of God;
(2) Evidence that a false alarm was caused by action of the telephone company;
(3) Evidence that a false alarm was caused by a power outage lasting longer than four (4) hours;
(4) Evidence that the alarm dispatch request was not a false alarm; and/or
(5) In determining the number of false alarms, multiple alarms occurring in any twenty-four (24) hour period shall be counted as one false alarm; to allow the alarm user time to take corrective action unless the false alarms are directly caused by the alarm user.

SECTION 13-41. REINSTATEMENT

(A) A person whose alarm registration has been revoked may, at the discretion of the alarm administrator or the Hearing Officer, as applicable, have the alarm registration reinstated by the alarm administrator if the person:

(1) submits a new application and pays a $50.00 reinstatement fee;
(2) pays, or otherwise resolves, all outstanding fees and surcharges; and
(3) submits a certification from an alarm installation company, stating that the alarm system has been inspected and repaired (if necessary) by the alarm installation company;

(B) In addition, the alarm administrator may require one or more of the following as a condition to reinstatement:

1. proof that an employee or representative of the alarm installation company or monitoring company caused the false alarm;
2. upgrade the alarm control panel to meet SIA Control Panel Standard CP-01;
3. a written statement from an independent inspector designated by the alarm administrator that the alarm system has been inspected and is in good working order;
4. confirmation that all motion detectors are “dual technology” type;
5. confirmation that the alarm system requires two independent zones to trigger before transmitting an alarm signal to the monitoring company;
6. confirmation that the alarm system requires two independent detectors to trigger before transmitting an alarm signal to the monitoring company;
7. certification that the monitoring company will not make an alarm dispatch request unless the need for police response is confirmed by a listen-in device;
8. certification that the monitoring company will not request an alarm dispatch unless the need for police response is confirmed by a camera device; or
9. certification that the monitoring company will not make an alarm dispatch request unless the need for police response is confirmed by a person at the alarm site.

SECTION 13-42. ENFORCEMENT AND PENALTIES

Enforcement of this Ordinance may be by civil action as provided in the Connecticut General Statutes.

SECTION 13-43. CONFIDENTIALITY

In the interest of public safety, all information contained in and gathered through the alarm registration applications and applications for appeals shall be held in confidence by all employees, representatives and agents of the Town of Glastonbury to the extent allowable by applicable state and federal laws.

SECTION 13-44. GOVERNMENT IMMUNITY

Alarm registration is not intended to, nor will it, create a contract, duty or obligation, either expressed or implied, of police response. Any and all liability and consequential damage resulting from the failure to respond to a notification is hereby disclaimed and governmental immunity as provided by law is retained. By applying for an alarm registration, the alarm user acknowledges that law enforcement response may be influenced by factors such as: the availability of police units, priority of calls, weather conditions, traffic conditions, emergency conditions, staffing levels and prior response history.
SECTION 13-45.  SEVERABILITY

The provisions of this Ordinance are severable. If a court determines that a word, phrase, clause, sentence, paragraph, subsection, section, or other provision is invalid or that the application of any part of the provision to any person or circumstance is invalid, the remaining provisions and the application of those provisions to other persons or circumstances are not affected by that decision.
