As the coronavirus (COVID-19) pandemic continues to affect day-to-day life for all of us, Town staff continue to balance the health and safety of all municipal employees and the community, while continuing to provide town services as reasonably possible. As of 8:00 pm on March 23rd, all non-essential Town staff are working remotely and remain available by phone or email during normal business hours, and modified service processes have been implemented as applicable. This is a fluid process and subject to change and this document outlines those changes as April 3, 2020.

On behalf of the Town organization, all of us involved in town operations will continue to do our best to respond to community needs during these challenging times.

Sincerely,

Richard J. Johnson, Glastonbury Town Manager
