The attention of bidders submitting proposals for the above-referenced project is called to the following Addendum to the specifications. The items set forth herein, whether of omission, addition, substitution or other change, are all to be included in and form a part of the proposed Contract Documents for the work. Bidders shall acknowledge this Addendum in the Bid Proposal by inserting its number on Page BP-1.

Make the following modifications to the Contract Documents:

**ITEM 1: SECTION 501.0 CRUSHED STONE SEWER PIPE BEDDING**

Replace section 501.06 as follows:

501.06 Payment: There will be no separate payment for this item. Rather, payment for Crushed Stone Sewer Pipe Bedding shall be included in the contract unit price for “8-Inch PVC Sanitary Sewer” or “6-Inch PVC Sanitary Sewer Lateral”, including disposal of surplus excavated material, placing of synthetic drainage fabric, crushed stone, processed gravel, and all materials, tools, equipment, and labor incidental thereto.

**ITEM 2: TRENCH DETAILS FOR STORM DRAIN, UNDERDRAIN, AND SANITARY SEWERS**

The attached Town of Glastonbury Standard Details, including Plate No. 20 entitled “Trench for Storm Drain and Underdrain” and Plate No. 30 entitled “Typical Trench for Sanitary Sewers” are hereby made a part of this contract.

**QUESTIONS AND ANSWERS**

**Q1-1:** Will borings or soil information be given to the contractors?
**A1-1:** Construction plan sheet 13 of 15 includes test pit logs from 9 deep test pits that were excavated along the proposed roadway alignment. The test pit locations are indicated on the plans. This represents all of the soils information that was gathered by the Town for the project.
