The attention of bidders submitting proposals for the above-referenced project is called to the following Addendum to the specifications. The items set forth herein, whether of omission, addition, substitution or other change, are all to be included in and form a part of the proposed Contract Documents for the work. Bidders shall acknowledge this Addendum in the Bid Proposal by inserting its number on Page BP-1.

Make the following modifications to the Contract Documents:

**ITEM 1: SECTION 403: EARTH TRENCH EXCAVATION**

Add the following sentence to the first paragraph of Section 403.18:

"Disposal of excavated material that is unsuitable for trench backfill will not be measured for payment."

**ITEM 2: SECTION 405: BACKFILLING AND CONSOLIDATION**

Replace Section 405.9 with the following:

405.9 **Payment:** Except as noted below, this item will not be measured for payment or paid for separately. Rather, payment for backfilling and consolidation shall be included in the unit price or lump sum price of the item associated therewith.

When existing on site excavated material is determined by the Engineer to be unsuitable for trench backfill, such material shall be disposed of by the Contractor and replaced with gravel from the Town Bulky Waste site. This facility is located approximately 2.5 miles from the Ferry Lane access to the project area. Gravel backfill shall be measured in place after compaction by the Engineer and paid for at the contract unit price per cubic yard listed in the bid proposal for “Gravel Backfill”. Such price shall include disposal of excavated materials that are unsuitable for use as trench backfill, all costs related to loading and transportation of gravel and unsuitable material, placement and compaction of gravel backfill, and all labor, equipment, tools, materials, and other costs incidental thereto.
ITEM 3: SECTION 406: PIPES AND CULVERTS

Delete references to “gravel fill” in Sections 406.2 Measurement and Payment and 406.3 Basis of Payment. Payment for this item shall be as outlined in Section 405.9.

ITEM 4: SITE ACCESS FROM FERRY LANE

Respondents should refer to the map shown below for information regarding the location of access to the project from Ferry Lane.
